OOS Group – Current Operations

Fleet serving our clients

- Serving Petrobras in Brazil since 2014 with Accommodation services and heavy-lift services upon request with several assets and currently OOS Tiradentes.
- OOS Energy Rig Management Services is fully certified and qualified to conduct drilling operations and obtained a contract with PEMEX in 2019.

OOS Group – Cooperation

A global decommissioning services consortium

OOS International joins the already successful consortium, alongside industry leaders Lloyd's Register and Worley, providing operators with fully managed end-to-end decommissioning, from late life through to post removal monitoring.

By pooling their considerable experience, global footprint and now heavy lift capabilities, the consortium has added further weight to its proven ability to reduce operators' decommissioning burden, risk and cost, all through a single interface.

OOS Group – OOS Logistics

Subtitle

OOS Logistics assists you to avoid the forwarding challenges that we experienced in the past. Our unique service will save you a lot of time and trouble.

Clearance of goods, all types and sizes can be arranged swiftly.

We provide this together with specialised freight forwarding partners. This unique combination enables us to successfully import, with only a minimum of customs delays goods into the country. Our service is not only limited to shipments from Europe. We can also assist you with logistics operations from any place in the world.

OOS Group – OOS Catering

Subtitle

“OOS Catering’s team of professionals will focus on providing exceptional service solutions, ensuring the health and comfort of our clients crews. We understand that people are key in a successful business and that life at sea, often under challenging circumstances, can be made more comfortable with excellent catering and housekeeping. Tasty, nutritious food, clean living quarters and a good laundry service play an important part in job satisfaction whilst on a vessel.

OOS Catering is committed to provide absolute quality towards the operational assurance of our clients, keeping in line with health, safety and environmental protection standards and procedures.”

OOS Group – OOS Safety & Inspections

Subtitle

OOS Safety & Inspections has built up an impressive track record with providing safety and inspection services to the OOS fleet of heavy lift and accommodation vessels for many years now.

Services provided range from inspection of safety equipment to creating safety plans.

Through our branches in Brazil, Mexico, and the Netherlands, we offer inspection, testing, repair, and certification services for an extensive range of safety and fire-fighting equipment, as well as instruments on board of commercial vessels and offshore installations, at sea or in any port worldwide. With our complete range of services and products, we have everything in hand to fully unburden you of on-board safety issues. So you can fully focus on your own business activities. In order to be at your service fully equipped, our skilled engineers work together with an extensive international network of renowned, certified, and class-approved partners.

OOS Group – Social Responsibility

Special projects & Local sponsoring

OOS International invests in people and the environment worldwide. Not only because we care about our employees and business relations in and around our office locations, but we believe we can help achieve a more sustainable future for our society. Therefore, we contribute to education, research and a healthy lifestyle in money, time and effort through local social projects on places where help is needed.
